INDEPENDENT AUDITORS' REPORT

Board of Directors Mission Aviation Fellowship and Affiliates Nampa, Idaho

Opinion

We have audited the accompanying consolidated financial statements of Mission Aviation Fellowship and Affiliates, which comprise the consolidated statements of financial position as of December 31, 2023 and 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Mission Aviation Fellowship and Affiliates as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. We did not audit the consolidated financial statements of Lucent Insurance, Ltd., an investee of which Mission Aviation Fellowship and Affiliates has a significant influence. Those consolidated statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the investment in Lucent Insurance, Ltd., is based solely on the report of the other auditors. The investee entity reports on the insurance basis of accounting as required by the Bermudan Insurance Regulators which is a financial reporting framework other than generally accepted accounting principles in the United States. We have applied audit procedures on the conversion adjustments to the financial statements of Lucent Insurance, Ltd., which conform those financial statements to accounting principles generally accepted in the United States of America. Our opinion, insofar as it relates to the amounts included for Lucent Insurance, Ltd., prior to these conversion adjustments, is based solely on the report of the other auditors. The investment in Lucent Insurance, Ltd. made up 1.8% and 2.3% of Mission Aviation Fellowship and Affiliates' total assets as of December 31, 2023 and 2022, respectively and (21.1%) and 2.0% of its change in net assets for the years ended December 31, 2023 and 2022, respectively.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are required to be independent of Mission Aviation Fellowship and Affiliates and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Directors Mission Aviation Fellowship and Affiliates Nampa, Idaho

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mission Aviation Fellowship and Affiliates' ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mission Aviation Fellowship and Affiliates' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mission Aviation Fellowship and Affiliates' ability to continue as a going concern for a reasonable period of time.

Board of Directors Mission Aviation Fellowship and Affiliates Nampa, Idaho

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements, continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Consolidated Financial Statements

December 31, 2023 and 2022

1. NATURE OF ORGANIZATION:

Mission Aviation Fellowship is an organization, exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code (IRC) and comparable state law. However, Mission Aviation Fellowship is subject to federal income tax on any unrelated business taxable income. In addition, Mission Aviation Fellowship is not classified as a private foundation within the meaning of Section 509(a) of the IRC.

Mission Aviation Fellowship's vision is to see isolated people changed by the love of Christ. Mission Aviation Fellowship pursues that vision through their mission of serving together to bring help, hope, and healing through aviation. Aircraft are used to transport people, food, equipment, medical supplies, and other goods. Aircraft are also used to conduct relief and emergency flights and to support local churches, schools, and hospitals. Mission Aviation Fellowship and its affiliates operate in many countries within Africa, Asia, and Latin America.

Mission Aviation Fellowship receives its income, excluding investment income and changes in gift annuities, primarily from charitable contributions and fees for services provided. Essentially all revenue for services is generated outside the United States, primarily in Africa, Asia, and Latin America.

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the assets, liabilities, net assets, revenues, and expenses of Mission Aviation Fellowship, MAF Foundation, MAF Media, LLC, and other legal operating entities controlled by Mission Aviation Fellowship and its subsidiaries (collectively referred to as MAF). All intercompany transactions and balances have been eliminated within the consolidated financial statements.

MAF is associated with organizations carrying the MAF name (e.g. MAF International, MAF United Kingdom, MAF Canada, etc.) which are not included in these consolidated financial statements because they are not under common control. Accordingly, the assets, liabilities, net assets, revenues, and expenses of these national ministries are not included in the consolidated financial statements. Expenditures paid to these entities are treated as grants in the consolidated statements of activities and included within related party transactions in Note 19.

2. SIGNIFICANT ACCOUNTING POLICIES:

MAF maintains its accounts and prepares its consolidated financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The significant accounting policies followed are described below to enhance the usefulness of the consolidated financial statements to the reader.

Notes to Consolidated Financial Statements

December 31, 2023 and 2022

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

CASH AND CASH EQUIVALENTS

Cash and cash equivalents, including cash restricted for long-term purposes, consists of cash held in checking and savings accounts, cash on hand, and money market funds. As of December 31, 2023 and 2022, MAF has cash and cash equivalents on deposit with financial institutions that exceed federally insured balances (through the National Credit Union Share Insurance Fund and Federal Deposit Insurance Corporation) by approximately \$17,400,000 and \$22,480,000, respectively. Cash restricted for long-term purposes includes donor-restricted funds received but not expended for aircraft, other property and equipment, and other long-term projects.

ACCOUNTS RECEIVABLE

Accounts receivable are recorded at net realizable value and represent global aviation revenue earned, grants receivable, and other miscellaneous amounts due to MAF that have not been received as of year end. Interest is not charged on delinquent receivables. Delinquent receivables are written off based on the individual credit evaluation and specific circumstances of the constituent. Management expects to receive the full amount of the receivables; therefore, no allowance for uncollectible accounts has been recorded. Accounts receivable as of December 31, 2023 and 2022 consist of the following:

		December 31,				
	_	2023		2022		
Receivables from customers and other Grants receivable Estate receivable	\$	1,115,097 430,702	\$	1,546,142 607,089 493,385		
	\$	1,545,799	\$	2,646,616		

SUPPLIES AND INVENTORY

Supplies and inventory include items held to be used in maintaining and operating aircraft and also some parts held for resale. Inventory held for resale is recorded at the lower of cost or net realizable value using the first-in, first-out method. Cost includes freight, shipping, customs, and taxes. As of December 31, 2023 and 2022, shipping and custom costs included in supplies and inventory were \$202,144 and \$818,843, respectively. Management has evaluated a reserve for obsolescence, based on historical and anticipated movement of the supplies and inventory, totaling \$730,875 and \$589,518 as of December 31, 2023 and 2022, respectively. Supplies are held at cost and are expensed as used unless they meet capitalization criteria in which case the cost is transferred to aircraft and equipment assets when placed in service.

Notes to Consolidated Financial Statements

December 31, 2023 and 2022

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

NOTE RECEIVABLE

Notes receivable consists of a note from an affiliated entity related to a documentary production. The note receivable is carried at historical cost. Interest income is recognized per the terms of the notes issued. MAF has not made a provision for credit losses, as management expects all amounts to be fully collectible.

INVESTMENTS AND ASSETS HELD FOR GIFT ANNUITIES AND TRUST AGREEMENTS

Investments consist primarily of exchange-traded funds, mutual funds, fixed income securities, cash surrender value of life insurance policies, and captive insurance arrangements. The investment in the captive insurance arrangement is accounted for using the equity method. Cash surrender value of life insurance policies is stated at contract value. All other investments, including assets held for gift annuities and trust agreements, are held primarily at fair value. Fair values are determined by quoted market prices or by yields currently available on comparable securities of issuers with similar credit ratings. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect MAF's investment balances. Realized and unrealized gains and losses are reported in the consolidated statements of activities in the year in which they occur.

OPERATING AND FINANCING LEASE-RIGHT-OF-USE ASSETS AND LIABILITIES

Some of MAF's contracts contain the right to control the use of property or assets and are therefore considered leases. MAF has elected to exclude leases with terms of less than 12 months and to combine lease and nonlease components as a single lease component. The additional lease disclosures can be found in Note 7 and Note 8.

PROPERTY AND EQUIPMENT

Property and equipment are recorded at cost or, if donated, at fair market value at the date of donation. Assets costing greater than \$5,000 are capitalized. Depreciation is provided over the estimated useful lives of the assets on a straight-line basis. The estimated useful lives are as follows:

Buildings	40 years
Aircraft and engines	12 years
Vehicles	3 - 7 years
Furniture and equipment	5 years

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

ASSETS HELD FOR ENDOWMENT FUND

MAF's endowment fund consists of two individual funds established for scholarships and general ministries. Net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions.

The board of directors has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, MAF classifies as net assets with donor restrictions held in perpetuity (a) the original value of gifts donated to the permanent endowment, and (b) the original value of subsequent gifts to the permanent endowment. The remaining portion of the donor-restricted endowment fund that is not classified in net assets restricted in perpetuity is classified as net assets with donor restrictions restricted by purpose or time until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by UPMIFA. In addition, absent explicit donor stipulations to the contrary, to the extent prudent, appropriations for expenditure are allowed even if the fair value of the donor restricted endowment fund falls below the original gift as of the gift date, in accordance with UPMIFA. MAF considered the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1. The duration and preservation of the fund
- 2. The purposes of the organization and the donor-restricted endowment fund
- 3. General economic conditions
- 4. The possible effect of inflation and deflation
- 5. The expected total return from income and the appreciation of investments
- 6. Other resources of the organization
- 7. The investment policies of the organization

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires MAF to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, no deficiencies of this nature have been reported in net assets with donor restrictions as of December 31, 2023 and 2022.

Return objectives and strategies: To satisfy its long-term rate of return objectives, MAF relies on a total return strategy in which investment returns are achieved through both current yield and capital appreciation. MAF targets a diversified asset allocation to achieve its long-term return objectives within prudent risk restraints.

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

ASSETS HELD FOR ENDOWMENT FUND, continued

Spending policy: MAF has a policy of appropriating expenditures each year. To the extent prudent, it is expected that spending from the endowment funds will be managed with a long-term perspective to maintain long-term purchasing power of the endowment funds to meet the longer term needs of MAF; but that such long-term perspective would not prevent the funds from continuing to spend a prudent amount from the endowment funds despite a fund's balance falling below targeted levels. This is consistent with MAF's objective to maintain the purchasing power of donor-restricted assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

ANNUITIES PAYABLE

MAF has established a gift annuity plan whereby donors may contribute assets to the organization in exchange for the right to receive a fixed dollar return during their lifetimes. This transaction provides for a portion of the transfer to be considered a charitable contribution for income tax purposes. The difference between the price of the annuity contract and the discounted liability for future payments, determined on an actuarial basis using a rate of 6% and the CNSMT life table, is recognized as contribution income at the date of the gift. Upon death of the annuitant, income distributions cease. During the year ended December 31, 2023, MAF transitioned to using the 2010 CNSMT life table after using the 2000 CNSMT table in the prior year.

The actuarial liability for annuities payable is evaluated annually (giving effect to investment income and payments to annuitants). Any surplus or deficiency is recorded as a change in value of split interest agreements in the consolidated statements of activities.

MAF is required to maintain legally-mandated reserves and investment guidelines for certain states in which it issues gift annuities. As of December 31, 2023 and 2022, management believes that MAF is in compliance with each of the requirements by these states.

TRUST LIABILITIES

As trustee, MAF administers irrevocable and revocable trusts. These trusts provide for the payment of lifetime distributions to the grantor or other designated beneficiaries. Included in the trust liability is the actuarially determined present value of future payments to beneficiaries. Certain trusts contain provisions to distribute assets to individuals or organizations other than MAF. The portion of future interest that is attributable to others is reflected as trusts due to other remaindermen on the consolidated statements of financial position. The remaining portion of the trust attributable to MAF's future interest is recorded within the consolidated statements of activities as donor restricted contributions in the period received. Gifts under revocable lifetime income trust agreements are recorded as assets and offsetting liabilities until termination upon the death of the donor. Upon the death of the donor, the trusts become the property of MAF and the related net asset classification is adjusted according to the donor's stipulated purpose, if any at that time.

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

NET ASSETS

The consolidated financial statements report amounts separately by class of net assets as follows:

Net assets without donor restrictions are those resources currently available to support current operations, including those resources invested in property and equipment—net.

Net assets with donor restrictions are those resources contributed with donor stipulations for specific projects and ministries and those resources for which the principal is stipulated by donors to be invested in perpetuity.

SUPPORT AND REVENUE

Contributions

Contributions are recorded when made, which may be when cash is received or unconditionally promised, or when ownership of donated assets is transferred to MAF. Contributions restricted by the donor for a specific purpose are recorded as support with donor restrictions until the purpose restriction is satisfied. Upon satisfaction of the restriction, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from restrictions. Conditional contributions with donor restrictions in which the conditions are met in the year received are treated as contributions without donor restrictions. Contributions for long-term purposes are released from restriction when the asset is placed in service. Donated assets are recorded as contributions at their estimated fair value on the date of donation.

In-Kind Contributions

The Not-for-Profit Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification requires recording the value of donated in-kind assets and services that create or enhance nonfinancial assets or require specialized skills. MAF records seconded staff services from other organizations that meet these requirements as in-kind contributions in the consolidated statements of activities. Contributed services are recorded at fair value based on estimated amounts paid to the seconded staff by their seconding organizations. Donated in-kind assets are recorded at estimated fair value based on similar assets using an exit price approach. All in-kind contributions are used within MAF's program activities and do not have donor restrictions. In-kind donations during the years ended December 31, 2023 and 2022 totaled:

		Year Ended December 31,				
			2022			
Contributed services	\$	2,001,250	\$	2,175,307		
Inventory Property and equipment		122,011 1,737,425		- -		
	\$	3,860,686	\$	2,175,307

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

SUPPORT AND REVENUE, continued

Global Aviation Ministries Revenue

Global Aviation Ministries revenue consists of payments for flight services. Payments received for future flights are recognized as deferred revenue when received. MAF recognizes global aviation ministries revenue within the fiscal year in which the services are provided, which is when the flight service occurs and the performance obligation of providing the service is satisfied. Should amounts not be collected when the performance obligation is satisfied, accounts receivable is recorded for the outstanding amount.

Investment and Other Income

Investment and other income is recorded as earned.

FUNCTIONAL ALLOCATION OF EXPENSES

Expenses are recorded when incurred. The costs of providing program services and supporting activities have been summarized on a functional basis. Accordingly, certain costs related to more than one function, such as salaries and benefits, office expenses, and depreciation, have been allocated among the program services and supporting services benefited. These expenses require allocation on a reasonable basis that is consistently applied. Salaries and benefits are allocated based on average estimates of time and effort by employees. Depreciation and occupancy expenses are allocated based on square footage. Remaining expenses are allocated based on the underlying nature of the expense.

FOREIGN OPERATIONS AND CURRENCY TRANSLATION

MAF has offices and activities outside of the United States. The account balances of foreign operations are included within the consolidated financial statements. All field offices have identified their local currency as their functional currency and the U.S. dollar as their reporting currency. The consolidated financial statements of these locations are remeasured to U.S. dollars using month end rates of exchange for all assets and liabilities, and average rates of exchange for the period for revenues and expenses. Net gains and losses resulting from foreign exchange transactions are included in the consolidated statements of activities. MAF recognized a net unrealized foreign exchange gain (loss) of \$83,415 and (\$197,484), during the years ended December 31, 2023 and 2022, respectively, which is reported in the consolidated statements of activities as a foreign currency translation adjustment.

Management has reviewed the assets of its foreign subsidiaries and has determined that they are under the control and ownership of MAF. While such items are recognized as assets of the organization, it should be noted that the political situation in many countries is subject to rapid change. Therefore, the reader should be aware that while MAF believes the assets are properly stated at the date of this report, subsequent changes could occur that would adversely affect the realizable value of the assets in other countries. In addition, it should be understood that the carrying value of the assets in other countries may not be representative of the amount that would be realized.

4. NOTE RECEIVABLE:

Note receivable consists of a note from an affiliated entity for a documentary production. The note receivable is carried at historical cost. Interest income is recognized per the terms of the note issued. MAF has not made a provision for credit losses, as management expects all amounts to be fully collectible. The note receivable is expected to be collected in full as the documentary is released. Future anticipated collections are stipulated from distributable cash prior to distributions of net profits to the parties as stipulated in the Film Documentary Production Agreement.

5. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS:

The following table reflects MAF's financial assets reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year; held in trust; held in perpetual endowments and the accumulated earnings thereof, net of appropriations within one year; subject to donor purpose or time restrictions, net of spending pursuant to the restrictions within one year; or because funds are set aside for assets held for gift annuities and trusts.

5. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS, continued:

MAF is substantially supported by contributions without donor restrictions. MAF structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Operating cash in excess of daily requirements is invested in short-term low-risk investments. In the event of an extraordinary liquidity need beyond the combined capacity of the aforementioned reserves, MAF may also draw upon its \$1,450,000 available line of credit, the current balance of which is zero (Note 18).

6. SUPPLIES AND INVENTORY:

Supplies and inventory consists of:

10. MEDICAL CLAIMS RESERVE:

MAF has a self-insured employee group medical plan. Insurance policies in force with insurance providers as of December 31, 2023 and 2022, limit MAF's liability to \$250,000 annually per insured. MAF records an accrual that represents its best estimate of claims and fees that were incurred but unpaid at the end of the year. This accrual was \$423,000 and \$423,000 as of December 31, 2023 and 2022, respectively, and is included in accrued expenses on the consolidated statements of financial position.

12. ACCRUED POST-RETIREMENT BENEFIT OBLIGATION:

MAF established a defined benefit pension plan (the Plan) covering eligible employees who chose to participate. The benefits are based on years of service and the employee's highest average compensation. The funding policy is to review the Plan's status annually and to fund payments from the Plan on a pay-as-you-go basis, therefore there are no segregated assets of the Plan. The Plan was frozen effective September 30, 2009. The following table sets forth the Plan's funded status and amounts recognized in MAF's consolidated statements of financial position as of December 31, 2023 and 2022, in accordance with the Accounting Standards Codification topic of Employer's Accounting for Defined Benefit Pension and Other Postretirement Plans:

15. FAIR VALUE MEASUREMENTS:

MAF uses appropriate valuation techniques to determine fair value based on inputs available. When possible, MAF measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were not used during the years ended December 31, 2023 and 2022.

- · Level 1 Fair values for mutual funds and exchange-traded funds are determined by reference to quoted market prices and other relevant information generated by market transactions.
- \cdot Level 2 Fair values for municipal bonds and fixed income securities for which quoted market prices are not available are valued based on yields currently available on comparable securities of issuers within similar credit ratings.
